EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gerard McGowan on 12-9-2003.

The application has been amended as follows:

Claim 5; after "claim" delete therefore "4" and insert therefore ----1----;

Cancel claims 6 and 8.

2. The following is an examiner's statement of reasons for allowance: Applicant's amendments state that said package is a polymeric material and not glass. The secondary reference relied upon, Taylor et al, comprises a glass material. Therefore, one of ordinary skill in the art would not rely upon containers comprised of glass, as taught by Taylor et al, for a secondary reference. Accordingly, the claims are allowable over the art of record.

3. With respect to canceled claims 6 and 8, applicant's reserve the right to refile said canceled claims in a divisional application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
